

Assignment Tracker Project Plan

Brahith Pavanantharajah: 100926140

Overview:

This Assignment Tracker helps students organize and monitor their assignments and grades. Its clean, simple layout makes it efficient to use.

Features:

1. **Add Assignments:** Users can input assignment details (subject, marks, deadline).
2. **Edit/Delete Assignments:** Modify or remove existing entries.
3. **Calculate Weighted Marks:** Dynamically compute averages.

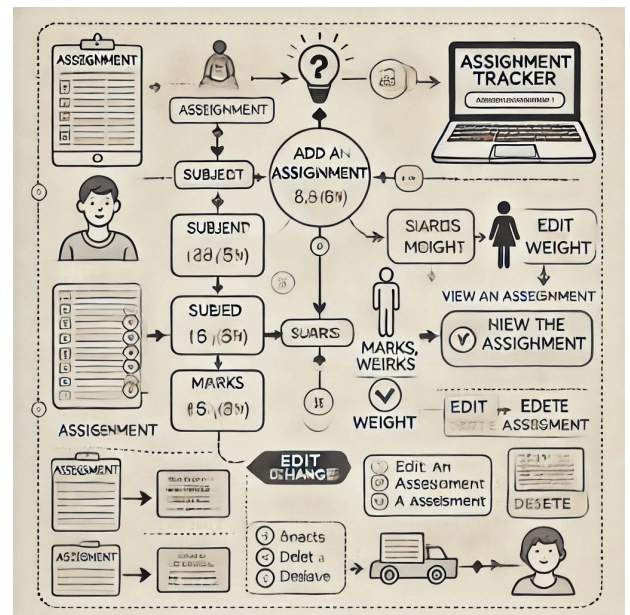

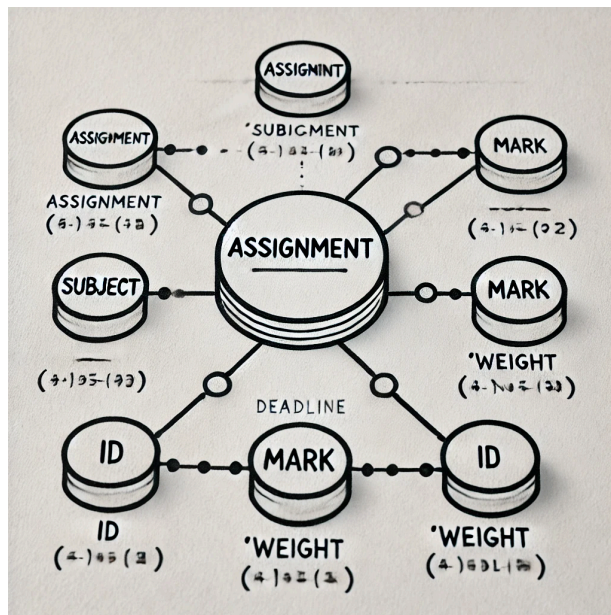

Target Audience:

Students who want an easy-to-use tool to track their academic progress.

Tech Stack:

- **Frontend:** HTML, CSS, JavaScript.
- **Backend:** Node.js.
- **Database:** MongoDB.
